AGENDA

1:00 pm – 1:15 pm

**1. Call to Order and Roundtable
Introductions**

Leah Boggs,
Environmental Planner,
COG DEP

1:15 pm – 1:35 pm

**2. Regional Fleet Survey and What
Would it Take (WWIT) Scenario**

- **Regional Fleet Survey**

The regional fleet survey provides a snap shot of the region's local government fleet composition. Moving forward, the information will help to provide a baseline and a framework for developing a Green Fleet Program for the region.

Leah Boggs, COG DEP

- **WWIT Scenario Background**

The "What Would It Take?" Scenario starts with specific goals for reducing greenhouse gas transportation emissions for 2030 and beyond. It assesses how such goals might be achieved through different combinations of interventions that include increasing fuel efficiency, reducing the carbon-intensity of fuel, and improving travel efficiency.

Monica Bansal,
Transportation Planner,
COG DTP

1:35 pm – 2:15 pm

3. Nissan North America Presentation

- Nissan North America, a global leader in electric vehicle technology and charging infrastructure, is interested in expanding deployment of their electric vehicles and supporting electric charging infrastructure in the metropolitan Washington region. The initial award winning project was to install electric vehicle charging infrastructure and deploy Nissan battery electric
