**Regional Fleet Survey and What Would it  
Take (WWIT) Scenario**

- **Regional Fleet Survey**  
The regional fleet survey provides a snap shot of the region's local government fleet composition. Moving forward, the information will help to provide a baseline and a framework for developing a Green Fleet Program for the region.
- **WWIT Scenario Background**  
The "What Would It Take?" Scenario starts with specific goals for reducing greenhouse gas transportation emissions for 2030 and beyond. It assesses how such goals might be achieved through different combinations of interventions that include increasing fuel efficiency, reducing the carbon-intensity of fuel, and improving travel efficiency.

**Leah Boggs,** COG DEP
