

# MEETING NOTICE

## *ENERGY ADVISORY COMMITTEE AND GREENHOUSE GAS EMISSION WORKGROUP*

***Time: 9:30 am – 11:30 am***

**Place: COG Rooms 4 and 5 (First Floor)  
777 North Capitol Street, NE**

**Date: October 11, 2007**  
(Lunch will be provided at 11:30 am.)

### ***Agenda***

TIME	TOPIC	RESPONSIBLE OFFICIAL
9:30 am to 9:35 am	I. <b>Call to Order and Introductions</b>	<b>Jim Gorby</b> , Chair, EAC Fairfax County <b>John Morrill</b> , Chair, GHG Emission Workgroup, Arlington County
9:35 am to 10:00 am	II. <b>Climate Change Steering Committee</b>  The work program for the Climate Change Steering Committee calls for development of a regional inventory of greenhouse gases and for recommendations on potential reduction goals. Mr. Nichols will discuss the timetable for the key CCSC recommendations.  <b>Recommended action: Receive briefing.</b>	<b>George Nichols</b> COG Dept. of Environmental Programs
10:00 am to 10:30 am	III. <b>GHG Regional Inventory and Projections</b>  A Greenhouse Gas Emission Workgroup has been formed. The group recently met to review preliminary emission inventory projections. Mr. King will provide an update on emission inventory development. Energy data collection needs will be discussed in the context of the call for a regional information intelligence system.  <b>Recommended action: Receive briefing and discuss further data inputs.</b>	<b>Jeff King</b> COG Dept. of Environmental Programs
10:30 am to 11:00 am	IV. <b>Greenhouse Gas Emission Reduction Goals</b>  The Greenhouse Gas Emission Workgroup developed recommendations for interim and milestone years. The next step is to develop recommendations for reduction targets. Ms. Rohlfs will lead a discussion on potential reduction targets for recommendation to the CCSC.	<b>Joan Rohlfs</b> COG Dept. of Environmental Programs

		<b>Recommended action: Recommend reduction targets.</b>	
11:00 a.m. to 11:15 a.m.	V.	<b>Preview of Alternative Fuel Forum on Biofuels -TBD</b>  This forum will take a detailed look at the footprint of the biofuels industry, including biodiesel and E85, on the mid-Atlantic region. Highlights include a discussion on the recent debate regarding the health effects of E85 and the difference between biodiesel and renewable diesel.	<b>Leah Boggs</b> COG Dept. of Environmental Programs
11:15 am to 11:30 am	VI.	<b>Next Steps and Adjournment</b>	<b>Mr. Gorby and Mr. Morrill</b>

**Please RSVP by contacting Wyetha Lipford by Wednesday, October 10<sup>th</sup> at [wlipford@mwkog.org](mailto:wlipford@mwkog.org) or at 202-962-3239.**
