ANALYSIS OF REGIONAL BUS SERVICE PROVISION

I. METROPOLITAN WASHINGTON COUNCIL OF GOVERNMENTS

The Metropolitan Washington Council of Governments (“COG”) is the regional organization of the Washington area’s 23 major local governments and their governing officials, plus area members of the Maryland and Virginia legislatures and the U.S. Senate and House of Representatives.

COG provides a focus for action on issues of regional concern such as comprehensive transportation planning, air and water quality management, environmental monitoring, tracking economic development and population growth and their effects on the region, coordinating public safety programs, and promoting child care and housing for the region. COG is supported by financial contributions from its participating local governments, federal and state government grants and contracts, and through grants and contracts from foundations and the private sector.

The National Capital Region Transportation Planning Board (“TPB”) is responsible for coordinating transportation planning at the regional level in Northern Virginia, Suburban Maryland and the District of Columbia. The TPB is the federally designated Metropolitan Planning Organization (“MPO”) for the region, and plays an important role as the regional forum for transportation planning. The TPB prepares plans and programs that the federal government must approve for federal-aid transportation funds to flow to the Washington region. Members of the TPB include representatives of the transportation agencies of the states of Maryland and Virginia and the District of Columbia, local governments, the Washington Metropolitan Area Transit Authority (“WMATA”), the Maryland and Virginia General Assemblies, and non-voting members from the Metropolitan Washington Airports Authority (“MWAA”) and federal agencies.

The TPB was created in 1965 by local and state governments in the Washington region in response to a requirement in 1962 highway legislation mandating the establishment of official MPOs. The TPB became associated with COG in 1966, serving as COG’s transportation policy committee.

II. PROJECT OVERVIEW

As part of the state Technical Assistance Program within the Fiscal Year 2018 Unified Planning Work Program (“UPWP”), TPB, in coordination with WMATA, the District of Columbia Department of Transportation (“DDOT”), the Maryland Department of Transportation (“MDOT”), the Virginia Department of Transportation (“VDOT”) and the Virginia Department of Rail and Public Transportation (“DRPT”) is commissioning a study and seeking a qualified contractor to analyze the provision of public transit bus service in the region.

Bus service in the National Capital Region (“NCR”) is provided by multiple operators. WMATA operates Metrobus, which carries approximately two-thirds of annual bus trips in the region, on a
combination of regional and non-regional routes. Many jurisdictions also operate local and/or commuter bus service, as do the Maryland Transit Administration ("MTA") and the Potomac and Rappahannock Transportation Commission ("PRTC"). This study will undertake a two-phase assessment of the provision of bus service in the region, considering the cost, service needs, funding, and other factors that lead to the respective provision of bus service by each operator.

III. SCOPE OF WORK

COG is seeking to contract with a qualified firm to conduct the subject study. The Contractor will be responsible for leading the study and forming a Technical Advisory Committee ("TAC") that will provide oversight and guidance for the direction of the study. As part of the study activities, the contractor will be responsible for establishing contact with regional and local bus operators (specific jurisdictions and agencies will be determined in conjunction with the TAC as part of the development of the study work plan) and obtaining detailed information about the cost of providing bus service in their service area. That information will be used to develop a common regional cost accounting methodology and spreadsheet with unit costs for individual components of service, such as driver labor, maintenance labor and facilities, back-end office and information technology, and other items (specific components will be determined in conjunction with the TAC). Delivery of the common cost accounting methodology and spreadsheet will complete the first phase of the study. In the second phase, the contractor will conduct a review of local and regional bus service, identifying options for improved efficiencies in bus service provision. Regional and national research on examples of improving efficiency will be assessed. Important cost factors as identified in phase one (1) of the study will be used to develop ranges of approximate cost impacts. Factors that offer scope for improvement will be assessed in the second phase. Both phases of the study will be documented in a final report and a presentation of the study findings that can be given to the TPB Technical Committee and other interested groups, staff, and/or regional elected officials.

The specific tasks to be performed and deliverables to be completed by the Contractor to successfully complete the scope of work are as follows:

Task 1: Establish TAC Membership, Responsibilities, Meeting Schedule, and Create Study Work Plan

Immediately following Notice to Proceed from the COG Project Manager, Contractor shall draft an invitation to potential TAC members, describing the purpose of the study, as well as, roles and responsibilities of TAC members. COG and WMATA staff will provide guidance to Contractor on invitation language and potential jurisdiction and agency membership (including points of contact) in the TAC. As of the time of publication, the following jurisdictions and agencies are expected to participate or have explicitly expressed interest in participating in the TAC: DDOT, MDOT, VDOT, DRPT, WMATA, Arlington County, Montgomery County, the City of Alexandria and Fairfax County. The Contractor’s goal should be to maximize jurisdiction and agency participation in the TAC and ensure that TAC members actively participate in guiding the study and reviewing deliverables. Contractor should be aware that gaining access to the cost component data that drives the rest of the study depends on a mutually-productive relationship with TAC members who will serve as initial gatekeepers to their jurisdiction and agency’s financial information. Hence, the Contractor needs to ensure that there is participation from all the local and regional bus operators.

Contractor shall schedule an initial meeting with the TAC no later than thirty (30) days following Notice to Proceed. At the initial meeting, the Contractor shall distribute, for TAC review and approval, a draft study work plan, the document outlining the study purpose and TAC member roles and responsibilities, as well as, a draft TAC meeting schedule for the length of the study. COG anticipates that the TAC will meet at least once a month. The study work plan shall contain a timeline and
narrative for completing all tasks and subtasks in the study and shall also include major milestones such as draft deliverables and TAC review and comment on draft deliverables, as well as, TAC meetings. Contractor may adapt the study work plan from one submitted in response to this RFP but it should reflect current knowledge and conditions at the time of the first TAC meeting. Contractor shall take written notes at all TAC meetings (including any follow-up actions and responsible parties) and distribute them for review within five (5) working days of the meeting. The study work plan shall be finalized within ten (10) working days of the first TAC meeting and shall include a list of bus operators and the specific cost components (and means of expression/units) that will be requested from jurisdictional and agency staff through the TAC membership and included in Task 2. The study work plan shall also include milestone briefings to the TPB Regional Public Transportation Subcommittee (“RPTS”).

**Deliverables:** TAC membership, TAC written purpose/objectives, TAC meeting schedule, study work plan with milestones and TAC review responsibilities, TAC meetings, TAC meeting notes

**Phase One: Cost Accounting of Bus Service**

**Task 2: Inventory of Regional Bus Service Provision Cost Components**

Based on the final work plan from Task 1, Contractor shall develop a uniform and common method of accounting for the cost of providing bus service that can be deployed across the region. Contractor shall develop a plan for collecting cost accounting data. Contractor shall contact the bus operators and jurisdictions and agencies and obtain all information on the specific cost components of their service provision. Since the final work plan will contain the universe of cost components, contractor’s goal should be to have every component completed by each operator, jurisdiction, and agency. Contractor shall provide examples of similar work undertaken in other metropolitan areas. Contractor shall provide the accounting method and examples for the region in an accompanying spreadsheet tool (with embedded logic and formulae) than can be used in such cost computation. Contractor shall also include a short document on the use of the spreadsheet and frequently asked questions. Contractor shall attempt to normalize costs across the region, particularly when addressing cost components that may be borne differently across different types and different sizes of bus operators (information technology, back office, police, etc.). Contractor shall conduct some basic analysis of the arrayed inventory (e.g., range of costs, average costs, comparison against national standards and averages) and any other analysis that they believe useful for decision-makers or as directed by the TAC. For example, compare labor costs for bus operators A, B, and C; compare police costs for bus operators A, B, and C, etc. Contractor shall also identify and document the costs of Metrobus service paid by each jurisdiction for regional and non-regional service.

**Deliverables:** TAC meeting on data elements to be gathered and approach for handling differences among operators. Technical memo containing cost component inventory and analysis, including fully-documented data sources, organization of elements of uniform and common methods of accounting. Technical memo with development and application methodology for common cost accounting, functional common cost accounting spreadsheet with usage and frequently asked questions document.

**Task 3: Analysis of Regional Bus Service Provision Cost Factors**

Based on the Task 2 deliverables, Contractor shall analyze and identify the major cost factors that differentiate the cost of bus provision in the region among bus operators. The analysis will identify the main policy or other elements that drive these cost factors (e.g., union contracts, county or city government organization, need for police services, etc.) This analysis will then provide a basis for assessing the likely impacts of changes in bus service provision in the second phase of the study.
For example, bus operator B has no need for police services, and this is a major cost factor that makes their service less costly. Bus operator A has a complex labor contract that includes peak penalties, a longer span of service, and other factors that increase the cost of labor and thus a higher cost of service. Bus operator C has a high-tenure workforce and high pension costs that contribute to the overall cost of providing service, etc.

*Deliverable: Technical memo documenting results of analysis and how the information will be applied during the second phase of the study.*

*COG expects that Tasks 2 and 3 will be completed by December 31, 2017.*

**Phase Two: Identify Regional Options for Efficiency**

**Task 4: Research and Analyze Opportunities for Improved Regional Efficiencies for Provision of Bus Service**

Drawing on the Task 3 deliverable, Contractor shall analyze the existing and planned future regional bus system and will identify and assess opportunities for improving efficiency in the system. The analysis of the planned future regional bus system shall be based on a review of area transit development plans or equivalent medium-term planning documents for jurisdictions and agencies. Contractor shall also conduct a literature review for national examples of improving regional efficiency in bus service through shared resources or other means. Contractor shall consider both current regional arrangements, as well as, applicable national examples to better align limited resources. Contractor shall evaluate factors that offer scope for improvement, including service area rationalization, garage locations, or de-duplication of services. The deliverable for this task shall include a planning-level assessment of options, including shared/partnered service provision of capital assets (e.g., facilities or vehicles) or operation of services and any other options that may achieve cost efficiencies and optimize bus capital and operations investments. For example, bus operator D’s TDP calls for a new garage in five years, which will enable a 30% expansion of service. This expansion may provide new routes but might also replace some of the service currently provided by bus operator E and paid by County E. The potential cost savings for this service change ranges from x dollars to y dollars.

*Deliverable: Technical memo documenting analysis of existing and planned future regional bus system through literature review and assessment of options for improving efficiencies in regional bus service provision.*

**Task 5: Draft Report**

Contractor will document the results of the previous tasks into a draft report with accompanying narrative, charts, tables, and maps to convey the key research findings, with technical appendices as needed. The report shall include an executive summary suitable for distribution to senior technical staff and regional elected officials. Contractor will distribute the draft report with sufficient lead time prior to the end of the contract to allow the TAC thirty (30) business days for review and comment on the draft report.

*Deliverable: Draft Study Report.*

*COG expects that Tasks 4 and 5 will be completed by April 30, 2018.*

**Task 6: Final Report and Presentations**
Contractor shall finalize the report based on TAC review and comment on the Task 5 deliverable. The final report shall be delivered digitally and shall conform to TPB formatting standards and branding guidelines. Contractor shall distribute the final report with sufficient lead time prior to the end of the contract to allow the COG Project Manager ten (10) business days for review of the final report. Contractor shall also produce and deliver a PowerPoint presentation for conveying study findings to TPB Technical Committee, RPTS and other interested stakeholders.

*Deliverable: Final Study Report and Presentation.*

XIII. DISADVANTAGED BUSINESS ENTERPRISE

Disadvantaged Business Enterprise (“DBE”) participation shall be an integral component of the Contractor selection process for this RFP. COG has established a DBE goal of 15% for this project. COG’s DBE Policy may be viewed on its website www.mwcog.org. Responding firms shall submit with their proposals a DBE Participation Plan to meet this goal. The plan shall identify any DBE (defined in 49 CFR Part 26) that shall be participating in the project. A total of 15 possible points (out of a maximum of 100 points) may be awarded for DBE participation, as measured in dollars, either as the Contractor or "Subcontractor". In the event of a tie score between two or more proposals, the proposal with the largest percentage of DBE participation, as measured in dollars, will be awarded the contract. Federal Law – CFR Part 26.37 (Monitoring Performance) requires COG to include a monitoring and enforcement mechanism to ensure that work committed to DBEs at task order award is performed by DBE’s.

To comply with this requirement, the CONTRACTOR is required to provide to Alieu Turay, COG Contracts and Purchasing Specialist II: (1), a monthly DBE payment schedule for the project.
within 10 days of being awarded a COG Contract/Task Order (consistent with the DBE dollar value included in the Proposal/Task Order), (2), monthly DBE payment documentation is required by the 20th day of the month following the month the work was performed, and (3), documents verifying that the DBE vendor was paid the amount specified in the Proposal/Task Order within 30 days after the contract ends. CONTRACTORS failing to provide COG required DBE documentation or meet DBE monthly payments will not be allowed to bid on any COG projects/task orders until any deficiency is corrected. CONTRACTORS who fail to meet the total DBE payment for any project will be suspended from bidding on any COG contracts/task orders for six (6) months.

All questions on the DBE requirements should be sent to Rick Konrad at rkonrad@mwcog.org or call 202.962.3332.

b. The SUBRECIPIENT agrees to include the above clause in each subcontract financed in whole or in part with federal assistance. It is further agreed that the clause shall not be modified, except to identify the SUBRECIPIENT that will be subject to its provisions.

a. The SUBRECIPIENT acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. § 3801 et seq. and all appropriate federal agency regulations apply to its actions pertaining to this Project. Upon execution of the underlying contract, the SUBRECIPIENT certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, or causes to be made, pertaining to the underlying contract of the federally assisted project for which this contract work is being performed. In addition to other penalties that may be applicable, the SUBRECIPIENT further acknowledges that if it makes, or caused to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the SUBRECIPIENT or to the extent the Federal Government deems appropriate.

b. The SUBRECIPIENT also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with federal assistance, the Federal Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307(N)(1) on the SUBRECIPIENT, to the extent the Federal Government deems appropriate.

c. The SUBRECIPIENT agrees to include the above two clauses in each subcontract financed in whole or in part with federal assistance. It is further agreed that the clause shall not be modified, except to identify the SUBRECIPIENT who will be subject to the provisions.

Applicable to all contracts in excess of $10,000

a. **Termination for Convenience.** COG, by written notice, may terminate this Contract, in whole or in part, at any time by written notice to the SUBRECIPIENT when it is in COG's best interest. If this Contract is terminated, COG shall be liable only for payment under the payment provisions of this Contract for services rendered before the effective date of termination.

b. **Termination for Default [Breach or Cause].** If the SUBRECIPIENT fails to perform in the manner called for in this Contract, or if the SUBRECIPIENT fails to comply with any other provisions of the Contract, COG may terminate this Contract for default. Termination shall be effected by serving a notice of termination on the SUBRECIPIENT setting forth the manner in which the Contract is in default. The SUBRECIPIENT will only be paid the contract price for services performed in accordance with the manner of performance set forth in the Contract. If it is later determined by COG that the SUBRECIPIENT had an excusable reason for not performing, such as strike, fire, or flood, events which are beyond the control of the SUBRECIPIENT, COG, after setting up a new delivery of performance schedule, may allow the SUBRECIPIENT to continue work, or treat the termination as a termination for convenience.

c. COG in its sole discretion may, in the case of termination for breach or default, allow the SUBRECIPIENT ten (10) working days in which to cure the defect. In such case, the notice of termination will state the time period in which cure is permitted and other appropriate conditions.

   If the SUBRECIPIENT fails to remedy to COG's satisfaction the breach or default of any of the terms, covenants, or conditions of this Contract within the ten (10) working days after receipt by the SUBRECIPIENT of written notice from COG setting forth the nature of said breach or default, COG shall have the right to terminate the Contract without further obligation to the SUBRECIPIENT. Any such termination for default shall not in any way operate to preclude COG from also pursuing all available remedies against the SUBRECIPIENT and its sureties for said breach or default.

d. In the event COG elects to waive its remedies for any breach by the SUBRECIPIENT of any covenant, term or condition of this Contract, such waiver by COG shall not limit COG's remedies for any succeeding breach of that or any other term, covenant, or condition of this Contract.

a. **Nondiscrimination.** In accordance with Title VI of the Civil Rights Act, as amended, 42 U.S.C. § 2000d, section 303 of the Age Discrimination Act of 1975, as amended, 42 U.S.C. § 6102, section 202 of the Americans with Disabilities Act of 1990, 42 U.S.C. § 12132, and all other provisions of federal law, the SUBRECIPIENT agrees that it will not discriminate against any employee or applicant for employment because of race, color, creed, national origin, sex, age, or disability. In addition, the SUBRECIPIENT agrees to comply with applicable federal implementing regulations.

b. **Equal Employment Opportunity.** The following equal employment opportunity requirements apply to the underlying contract:

ii. **Age.** In accordance with section 4 of the Age Discrimination in Employment Act of 1967, as amended, 29 U.S.C. § 623 and other applicable law, the SUBRECIPIENT agrees to refrain from discrimination against present and prospective employees for reason of age. In addition, the SUBRECIPIENT agrees to comply with any implementing requirements the funding federal agency may issue.

iii. **Disabilities.** In accordance with section 102 of the Americans with Disabilities Act, as amended, 42 U.S.C. § 12112, the SUBRECIPIENT agrees that it will comply with the requirements of U.S. Equal Employment Opportunity Commission, "Regulations to Implement the Equal Employment Provisions of the Americans with Disabilities Act," 29 C.F.R. Part 1630, pertaining to employment of persons with disabilities. In addition, the SUBRECIPIENT agrees to comply with any implementing requirements the funding federal agency may issue.

c. The SUBRECIPIENT also agrees to include these requirements in each subcontract financed in whole or in part with federal assistance, modified only if necessary to identify the affected parties.

12. **Breaches and Dispute Resolution.**

a. **Disputes.** Disputes arising in the performance of this Contract which are not resolved by agreement of the parties shall be decided in writing by the COG Executive Director or his/her designee. This decision shall be final and conclusive, unless within ten (10) working days from the date of receipt of its copy, the SUBRECIPIENT mails or otherwise furnishes a written appeal to the Executive Director or his/her designee. In connection with any such appeal, the SUBRECIPIENT shall be afforded an opportunity to be heard and to offer evidence in support of its position. The decision of the Executive Director or his/her designee shall be binding upon the SUBRECIPIENT, and the SUBRECIPIENT shall abide the decision.

b. **Performance During Dispute.** Unless otherwise directed by COG, the SUBRECIPIENT shall continue performance under this Contract while matters in dispute are being resolved.

c. **Claim for Damages.** Should either party to the Contract suffer injury or damage to person or property because of any act or omission of the party or of any of its employees, agents or others for acts it is legally liable, a claim for damages therefore shall be made in writing to such other party within a reasonable time after the first observance of such injury or damage.

d. **Remedies.** Unless this Contract provides otherwise, all claims, counterclaims, disputes and other matters in question between COG and the SUBRECIPIENT arising out of or relating to this agreement or its breach may be submitted by the parties for arbitration if the parties mutually agree, otherwise, such claims, counterclaims, disputes and other matters shall be decided by a court of competent jurisdiction within the District of Columbia.
Rights and Remedies. The duties and obligations imposed by the Contract and the rights and remedies available there under shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law. No action or failure to act by COG or the SUBRECIPIENT shall constitute a waiver or any right or duty afforded to them under the Contract, nor shall any such action or failure to act constitute an approval of or acquiescence in any breach there under, except as may be specifically agreed in writing.

a. Rights in Data. The following requirements apply to each contract involving experimental, developmental or research work:

i. The term "subject data" used in this clause means recorded information, whether or not copyrighted, that is delivered or specified to be delivered under the contract. The term includes graphic or pictorial delineation in media such as drawings or photographs; text in specifications or related performance or design-type documents; Microsoft Office files, including but not limited to Word documents and Excel spreadsheets; CDs or flash drives (thumbsticks/thumbdrives) containing data; and any other information retained in computer memory. Examples include, but are not limited to: computer software, engineering drawings and associated lists, specifications, standards, process sheets, manuals, technical reports, catalog item identifications, and related information. The term "subject data" does not include financial reports, cost analyses, and similar information incidental to contract administration.

ii. The following restrictions apply to all subject data first produced in the performance of the contract to which this Attachment has been added:

(a) In accordance with 49 C.F.R. § 18.34 and 49 C.F.R. § 19.36, the Federal Government reserves a royalty-free, non-exclusive and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use, for "Federal Government purposes," any subject data or copyright described in subsections (2)(b)1 and (2)(b)2 of this clause below. As used in the previous sentence, "for Federal Government purposes," means use only for the direct purposes of the Federal Government. Without the copyright owner's consent, the Federal Government may not extend its federal license to any other party.

(1) Any subject data developed under that contract, whether or not a copyright has been obtained; and

(2) Any rights of copyright purchased by the Purchaser or the SUBRECIPIENT using federal assistance.

b. Patent Rights. The following requirements apply to each contract involving experimental, developmental, or research work:

i. General - If any invention, improvement, or discovery is conceived or first actually reduced to practice in the course of or under the contract to which this Attachment has been added, and that invention, improvement, or discovery is patentable under the laws of the United States of America or any foreign country, the Purchaser and the SUBRECIPIENT agree to take actions necessary to provide immediate notice and a detailed report to the party at a higher tier until the federal funding agency is ultimately notified.

ii. Unless the Federal Government later makes a contrary determination in writing, irrespective of the SUBRECIPIENT status (a large business, small business, state
government or state instrumentality, local government, nonprofit organization, institution of higher education, individual), the Purchaser and the SUBRECIPIENT agree to take the necessary actions to provide, through the federal funding agency, those rights in that invention due the Federal Government as described in the U.S. Department of Commerce regulations, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," 37 C.F.R. Part 401.

iii. The SUBRECIPIENT also agrees to include the requirements of this clause in each subcontract for experimental, developmental, or research work financed in whole or in part with federal assistance.

14. **Interest of Members of Congress.**

No member of, or delegates to, the Congress of the United States shall be admitted to a share or part of this Contract or to any benefit arising there from.

15. **Interest of Employees of COG.**

No employee of COG who exercises any functions or responsibilities in review or approval of the undertaking or carrying out the Project during his or her tenure or one (1) year thereafter, shall have any personal interest, direct or indirect, apart from his or her official duties, in this Contract or the proceeds thereof.

16. **Interest of the SUBRECIPIENT.**

The SUBRECIPIENT covenants that it has presently no financial interest, shall not acquire any financial interest, direct or indirect, which would conflict in any manner or degree with the performance of services required to be performed under this Contract. The SUBRECIPIENT further covenants that, in the performance of this Contract, no person having any such interest shall be employed.

17. **Allowable Costs.**

Only those costs which are consistent with Title 2 Part 200 of the Code of Federal Regulations shall be reimbursed under this Contract.

18. **Covenant Against Contingent Fees.**

The SUBRECIPIENT warrants that it has not employed any person to solicit or secure this Contract upon any agreement for a commission, percentage, brokerage or contingent fee. Breach of warranty shall give the Contracts Officer the right to terminate this Contract or, in his discretion, to deduct from the Contract price or consideration the amount of such commission, percentage, brokerage or contingent fees. This warranty shall not apply to commissions payable by the SUBRECIPIENT upon contracts or sales secured or made through a bona fide established commercial or selling agency maintained by the SUBRECIPIENT for the purpose of securing business.

19. **Indemnification.**

The SUBRECIPIENT, acting as an independent SUBRECIPIENT, shall hold COG harmless from and shall be solely responsible, where found liable, for the payment of any and all claims for loss, personal injury, death, property damage, or otherwise, arising out of any act of omission or negligence of its employees or agents in connection with the performance of this work.
20. **Severability.**

It is understood and agreed by the parties that if any of these provisions shall contravene, or be invalid under, the laws of the particular state, county or jurisdiction where used, such contravention or invalidity shall not invalidate the whole agreement, but the Contract shall be construed as of not containing the particular provision or provisions held to be invalid in the said particular state, county or jurisdiction and the rights and obligations of the parties shall be construed and enforced accordingly.

21. **Assignments.**

This Contract shall not be assigned, sublet or transferred in whole or in part by the SUBRECIPIENT, except with the previous written consent of the COG Contracting Officer or his designee.

22. **Entire Agreement.**

This Contract sets forth the entire understanding of the parties and supersedes all previous agreements, whether oral or in writing, relating to the subject matter hereof. This Contract may only be altered, amended or modified in accordance with Changes Clause of this Contract.

23. **Confidential or Personal Data.**

a. COG respects the privacy or business interests involved in confidential or personal data. It is COG's policy to obtain confidential or personal data or store or allow storage of such data only (i) when necessary to fulfill COG's information-gathering and data collection responsibilities, or (ii) in conjunction with COG projects. COG intends to minimize risk of disclosure of such confidential or personal data.

b. Whenever feasible and the requirements of a project allow, the names of survey participants or users of a website or other data collection method shall not be accepted, recorded, stored or retained.

c. When COG engages in a project, which involves the collection or storage of confidential or personal information by or through use of surveys, websites or by other data collection, the following conditions shall be met:

i. The survey, website or other collection method shall contain a set of conditions for use and a disclaimer of any COG liability for use, in language approved by COG in writing.

ii. The party(ies) working with COG shall demonstrate adherence to a federal or applicable state standard for protecting confidential or personal information.

iii. The confidential or personal information collected or stored by or through the survey, website or other data collection shall be kept confidential. All necessary steps shall be taken to protect the privacy of the users of the website or other data collection. Any confidential or personal information provided by users of the website or other data collection, including but not limited to their names and addresses, shall be protected.

iv. COG shall retain control over and ownership of all surveys, web pages, control files and scripts, database schema, and database contents, in addition to all content which
is published on or stored by the website or other data collection, unless COG specifically agrees in writing otherwise.

v. No release of any announcements intended for public dissemination concerning the collection or storage of such information by or through the survey, website or other data collection shall occur until COG has given prior written authorization, unless COG specifically agrees in writing otherwise.

vi. In the event that information collected or stored by or through the survey, website or other data collection shall be stolen or handled incorrectly, the party(ies) working with COG on the project shall be responsible for any required notification to persons who have entered personal information in that system and all costs related thereto.

vii. The project documents shall provide that other parties working with COG on the survey, website or other data collection or storage shall indemnify COG with at least the following commitment:

The [SUBRECIPIENT or other party] shall indemnify and hold COG harmless from and shall be solely responsible, for the payment of any and all claims for loss, personal injury, death, property damage, infringement or misappropriation of any third party's intellectual property rights, violation of privacy, confidentiality or otherwise, arising out of any act of omission or negligence of its employees or agents in connection with the performance of the work under this [agreement or memorandum of understanding].

viii. At the end of the project or contract, any personal or confidential information shall be given to COG or destroyed and a certification of destruction provided to COG by the SUBRECIPIENT or other party.

24. **COG’s Policies and Procedures.**

When federal law, or any grant conditions, certifications or assurances require COG to utilize competitive procurement procedures for selection of a SUBRECIPIENT, COG’s policies and procedures shall govern every aspect of the SUBRECIPIENT selection process, e.g., the solicitation, evaluation, award, and post-award process (including, without limitation, any protest of an award, and the terms and conditions under which a contract may be approved, executed and administered). Any SUBRECIPIENT and potential SUBRECIPIENT will be provided with a copy of such policies and procedures, on request.

25. **COG’s Information Technology Policy.**

Contractors that must access COG’s Information Technology systems or require a COG login account to perform their duties must adhere to COG’s Information Technology Policies and Procedures. Such contractors will receive a copy of the policies and procedures prior to receiving access to COG’s IT systems.

26. **COG’s Facilities, Policies, and Procedures.**

Contractors that must use any of COG’s facilities or equipment must adhere to COG’s Facilities, Policies and Procedures. Contractors that utilize any AV or IT equipment through the use of COG’s facilities shall also comply with COG’s IT Policy. Such contractors will receive a copy of all relevant procedures prior to receiving access to COG’s IT systems.
27. **Additional Requirements.**

In addition to the terms and conditions expressly referenced in this Contract, the SUBRECIPIENT acknowledges and agrees that the terms and conditions of any federal or state grant that provides funding for this Contract, in whole or in part, shall apply to and shall govern the parties' rights and obligations under this Contract and shall be deemed additional terms, conditions and requirements of this Contract.

28. **DBE Assurance.**

The SUBRECIPIENT or __________ shall not discriminate on the basis of race, color, national origin, or sex in the performance of this Contract. The SUBRECIPIENT shall carry out applicable requirements of 49 C.F.R. Part 26 in the award and administration of USDOT-assisted contracts. Failure by the SUBRECIPIENT to carry out these requirements is a material breach of this Contract, which may result in the termination of this Contract or such other remedy as the COG deems appropriate.

29. **Audits.**

Per the Enhanced Mobility Circular, COG as the Designated Recipient for Enhanced Mobility funds will collect A-133 audit reports from the SUBRECIPIENT receiving more than $750,000 in federal funds. At a minimum, the SUBRECIPIENT is required to bring to COGTPB's attention any audit findings relevant to its use of FTA funds. The SUBRECIPIENT is not subject to A-133 audit requirements and may require additional monitoring, in a format elected by COG, to ensure compliance.

30. **FFATA Reporting.**

The Federal Funding Accountability and Transparency Act ("FFATA") requires prime recipients of federal grants and contracts to report sub-award and executive compensation data. COG is the prime recipient of federal awards for the purposes of this policy and is responsible for reporting sub-award data.

COG and first-tier sub-awardees are required to maintain current registration in the System for Awards Management ("SAM") as well as obtain a DUNS number. COG is responsible for filing the report in the FSRS system, not sub-awardees. However, sub-award recipients must provide the following information to COG before they will be eligible to receive the sub-award:

- The entity's information;
- Description and/or title of the sub-award (including NAICS code or CFDA number);
- Date and amount of award;
- Location of the entity receiving the award and the primary location of performance under the award, including the city, state, congressional district, and country;
- Active and current SAM unique identifier;
- DUNS number;
- Names and total compensation of the five (5) highest paid officers/executives of the sub-recipient if all three criteria are met.
(1) Federal awards make up 80% or more of the SUBRECIPIENT's annual gross revenues; and

(2) the SUBRECIPIENT's annual gross revenue from federal awards is $25 million or more; and

(3) the SUBRECIPIENT's officer names are not publicly available and the public does not have access to data on executive compensation of the entity through the Securities and Exchange Commission (SEC) as described in further detail in OMB Guidance on Sub-award and Executive Compensation Reporting (August 27, 2010).

(COG, as the prime recipient of the federal award, must also report its own executive compensation data by the end of the month following the award if the same criterion noted above is met.)

31. Priority of Requirements.

In the event of a conflict between or among any of the terms, conditions and requirements applicable to this Contract, the conflict shall be resolved by giving weight in accordance with the following priorities, in the order as stated below:

a. Terms and conditions of any grant that provides funding for this Contract, in whole or in part;

b. Terms and conditions set forth or referenced within this Contract;

c. Terms and conditions and representations set forth or referenced within Attachments A and B to this Contract;

d. Terms, conditions, specifications, and requirements set forth within any solicitation (e.g., RFP or IFB) pursuant to which this Contract was awarded;

e. Offers, representations, promises, terms and conditions set forth with the bid or proposal submitted in response to any solicitation (e.g., RFP or IFB) pursuant to which this Contract was awarded.
