

Employer Awards

2025 Nominations are Now being Accepted through January 31, 2025

Description of Annual Employer Recognition Awards Program

For more than 25 years, the annual Commuter Connections Employer Recognition Awards program has recognized employers who have initiated programs that facilitate the use of alternative commuting methods such as transit, teleworking, carpooling/vanpooling and bicycling. These methods help to mitigate traffic congestion and provide for cleaner air through reduced auto emissions.

2025 Employer Awards Call for Nominations

The Metropolitan Washington Council of Governments and its Commuter Connections program are accepting nominations for its annual employer awards. Winners will be recognized at an awards ceremony to be held in June of 2025 in Washington, DC.

Nominations are open to all employers whether private sector, non-profit organizations, government agencies etc. in the District of Columbia, Suburban Maryland, and Northern Virginia.

The awards recognize employers who have initiated, enhanced, or expanded programs, benefits, policies, and amenities to encourage employees to telework and/or use commuting alternatives such as transit, carpooling/vanpooling, and bicycling/walking to the worksite. These methods not only help to attract and retain employees but also reduce the number of cars on area roads and provide for cleaner air.

Deadline to submit nominations is January 31, 2025.
