# ClearPath 2.0

The next era of U.S. climate action starts now

Built for the realities of local governments. ClearPath 2.0 is designed to help them:

- ✓ Save taxpayer money with efficient tools
- ✓ Secure funding with credible strategies
- ✓ Move from planning to on-the-ground action

## **ICLEI USA's Atlas of Sustainability Action Plan (ASAP) Map**

ICLEI USA will be working to gather all completed PCAPs and CCAPs to make available in our repository.

## **Municipal Investment Fund (MIF)**

In partnership with the Coalition for Green Capital (CGC), ICLEI-USA is offering market-building funding and technical support to help communities develop public-private partnership plans that can accelerate the deployment of capital to clean energy projects.

# CPRG DISCUSSION

- How has the CPRG funded Climate Action Planning process helped you advance regional scale solutions for reducing emissions?
- What are the highest priority actions identified in your CAP that your region will be moving forward?
- What lessons, partnerships, or new ideas have been developed through your CAP process?
