Dusan Vuksan, Transportation Engineer

Committee will be briefed on the scope of work for the proposed amendment to the Visualize 2050 Metropolitan Transportation Plan. At the October 21, 2026, TPB Meeting, VDOT presented revisions to the I-495 Southside Express Lanes (SEL) project it had previously proposed. The revisions include a new proposal that preserves space for WMATA Metrorail expansion on the Woodrow Wilson Bridge. The proposed inclusion of the SEL project is regionally significant and will therefore require a new demonstration of air quality conformity.
