

# Technical Support for Integrated Community Energy Solutions

## *Task 1 Outline and Approach Integrating Energy into Local Regulations and Programs*

### *Report #2*

*Revised June 13, 2011*

Submitted to

**Metropolitan Washington  
Council of Governments**

Submitted by

**222 South Ninth Street, Suite 825  
Minneapolis MN, 55402  
Phone 612-338-4489**

## Contents

<b>Executive Summary</b> .....	<b>1</b>
<b>Energy and Environmental Policy Context</b> .....	<b>1</b>
International Policies.....	1
U.S. Energy Policy.....	1
Overview.....	1
Portfolio Standards.....	1
Tax Incentives.....	1
Finance programs.....	2
Grants.....	2
Loans.....	2
Tax-exempt bonding.....	2
U.S. Environmental Policy.....	2
Air Quality.....	2
New Source Review.....	2
Boiler MACT.....	2
Utility MACT.....	2
Commercial/Institutional Solid Waste Incinerators.....	2
Climate Change.....	2
<b>Planning</b> .....	<b>2</b>
National and International Examples.....	2
Land Use Planning.....	2
Community Master Planning.....	2
Integrated Community Energy Planning.....	2
Eco-District Planning.....	2
Existing Local Policies.....	2
Land Use Planning.....	2
Community Master Planning.....	3
Integrated Community Energy Planning.....	3
Eco-District Planning.....	3
Best Practice Recommendations.....	3
Land Use Planning.....	3
Community Master Planning.....	3
Integrated Community Energy Planning.....	3
Eco-District Planning.....	3
<b>Establishing Community Energy Systems</b> .....	<b>3</b>
National and International Examples.....	3
Utility Franchising.....	3
Municipal Utilities.....	3
Energy Facility Siting.....	3
Financing Assistance.....	3
Tax incentives.....	3
Government Procurement Policies.....	3

Energy Infrastructure Permitting..... 3

Existing Local Policies ..... 4

    Utility Franchising ..... 4

    Energy Facility Siting ..... 4

    Municipal Utilities..... 4

    Financing Assistance ..... 4

    Tax incentives ..... 4

    Government Procurement Policies ..... 4

    Energy Infrastructure Permitting..... 4

Best Practice Recommendations..... 4

    Utility Franchising ..... 4

    Energy Facility Siting ..... 4

    Municipal Utilities..... 4

    Financing Assistance ..... 4

    Tax incentives ..... 4

    Government Procurement Policies ..... 4

    Energy Infrastructure Permitting..... 4

**Building Compatibility ..... 5**

    National and International Examples..... 5

    Zoning ..... 5

        Zoning definitions and categories ..... 5

        Mix of development types ..... 5

        Density requirements..... 5

        Density bonuses ..... 5

    Building Codes ..... 5

    Review of Building Plans..... 5

    Energy Performance Labeling..... 5

    Community Energy Compatibility Standards..... 5

Existing Local Policies ..... 5

    Zoning ..... 5

    Building Codes ..... 5

    Review of Building Plans..... 5

    Energy Performance Labeling..... 5

    Community Energy Compatibility Standards..... 5

Best Practice Recommendations..... 5

    Zoning ..... 6

    Building Codes ..... 6

    Review of Building Plans..... 6
