

APPENDIX B

List of Project Inputs

Key to the Air Quality Conformity Table:

COLUMN 1:

Agency - identification of submitting agency

COLUMN 2:

Project number - project identification number (for reference purposes)

COLUMN 3:

Type of improvement - defined as follows:

Construct	=	build a new facility
Widen	=	increase the number of lanes on an existing facility
Upgrade	=	improve the facility type of a roadway
Relocate	=	construct an existing facility on a new right-of-way
Reconstruct	=	modify an existing facility with no capacity increase i.e., shoulder paving, geometric improvements
Rehabilitate	=	repair existing structures - no capacity increase
Study	=	to review alternative transportation improvements- project planning or preliminary engineering only

COLUMN 4:

Environmental Review (NEPA) - status of the environmental review

The National Environmental Policy Act (NEPA) requires a study to determine the environmental impact of all transportation projects that involve federal approvals. The type of environmental review is determined by the scope of the project. Projects cannot be constructed until the appropriate review has been approved by federal agencies. The environmental review status in column 4 is defined as follows:

Approved	=	The project has received approval from the appropriate federal agency and may be constructed
Pending	=	The project is under study and is undergoing environmental review, or has not yet begun environmental review.
N/A	=	Projects that do not require federal approvals.

COLUMN 5:

Facility - name of facility to be studied or improved

COLUMNS 6 and 7:

From and To - limits of the project

COLUMN 8:

Facility Type - defined as follows:

- 1 = Interstate
- 2 = Major Arterial
- 3 = Minor Arterial
- 4 = Collector
- 5 = Expressway with at-grade intersections

If a facility is being upgraded, the old facility type is in the "from" column, and the new facility type is in the "to" column. If the facility is not being upgraded, the "from" and "to" columns are the same.

COLUMN 9:

Number of Lanes - same explanation of "from" and "to " columns as above

COLUMN 10:

Currently under construction or right-of-way acquired? -

- "yes" = the facility is currently under construction and/or right-of-way has been acquired
- "no" = the facility is not currently under construction and right-of-way has not been acquired
- "completed" = the facility is open for use

COLUMN 11:

Project Completion Date or Status - date project will be open for use.
"not coded" indicates that project is not included in the conformity analysis

COLUMN 12:

In TIP - Indicates if the project is included in the TIP

**Significant Changes
for the
Air Quality Conformity Analysis
of the
2004 CLRP and FY2005-2010 TIP
Projects Inside the TPB Planning Area**

ID	Agency	Improvement	Facility	From/At	To	Completion Date	Fac. Type		# Lanes
