Meeting Highlights
TPB Technical Committee – October 3, 2025

The Technical Committee met on Friday, October 3, 2025. Meeting materials can be found here: https://www.mwcog.org/events/2025/10/3/tpb-technical-committee/

The following items were reviewed for inclusion on the TPB's October agenda:

TPB AGENDA ITEM 10 – VISUALIZE 2050 AND FY 2026-2029 TRANSPORTATION IMPROVEMENT PROGRAM DEVELOPMENT UPDATES
Staff briefed the committee on the Visualize 2050 plan development and the FY 2026-2019 Transportation Improvement Program (TIP). She shared an outline of the upcoming key dates and preparations related to the comment period and TPB action on the Visualize 2050 plan, the FY 2026-2029 TIP and the related Air Quality Conformity Analysis Report.

The following items were presented for information and discussion:

WMATA BETTER BUS UPDATE
The committee received a briefing from WMATA on the Better Bus Network, customer engagement, changes made since the launch, how the network is performing, and next steps as WMATA continues to improve service and customer information.

DMVMOVES UPDATE
The committee was briefed on the latest developments concerning the DMV*Moves* regional transit initiative.

TPB GEN3 TRAVEL DEMAND FORECASTING MODEL UPDATE
The committee received a briefing on the development and maintenance of a series of regional travel demand forecasting models (TDFMs), which are used for regional analyses. TPB staff explained how TDFMs are used and described the motivation for developing an ABM, as well as gave a status report for the Gen3 Travel Model.
