

## **MEMORANDUM**

**TO:** TPB Technical Committee  
**FROM:** Eric Randall, TPB Transportation Engineer  
**SUBJECT:** DMVMoves Regional Transit Initiative Update  
**DATE:** October 31, 2025

---

This memorandum summarizes the recent events of the joint DMVMoves regional transit initiative of the Metropolitan Washington Council of Governments (COG) and the Washington Metropolitan Area Transit Authority (WMATA). The TPB Technical Committee was last briefed in October on the progress of DMVMoves.

### **DMVMoves Regional Rail Event, October 25**

On Friday, October 25, a regional rail event was held at Union Station, Washington, DC. Speakers included leaders and representatives from the Union Station Redevelopment Corporation, Amtrak, the Virginia Passenger Rail Authority, Virginia Railway Express, Maryland Transit Administration, and WMATA. Presentations focused on recent achievements by each organization and a look ahead to the opportunities for increased rail service that will follow completion of the new Long Bridge span in 2030.

### **DMVMoves Task Force, October 29**

The Task Force convened for its sixth and final meetings on Wednesday, October 29. Following a spirited discussion, the Task Force adopted a resolution endorsing an outline of the DMVMoves Plan recommendations and the DMVMoves Plan Executive Summary.

### **Joint COG and WMATA Boards, November 17 (Noon to 2 pm, WMATA HQ)**

On Monday, November 17, the boards of COG and WMATA will hold a joint meeting to conclude the DMVMoves work that started with their first ever joint meeting on May 1, 2024. Materials for the meeting will be posted the week prior on the [dmvmoves.org](https://dmvmoves.org) website.

The Technical Committee and the TPB are scheduled to receive a more detailed briefing in December following the outcome of the joint board meeting.
