John Kent (MWCOCG)

Cooperative Forecast Survey Timeline

Forecast Survey Working Group

Cooperative Forecasting and Data Subcommittee

Purpose

To help COG and its member jurisdictions better understand forecasting processes through documentation of the following forecasting elements:

- Roles
- Methods
- Assumptions
- Data sources
- Workflows
- Modernization/Improvements

Survey Results

Qualitative responses synthesized in white paper, providing COG and committee members insights into:

- Jurisdictional approaches
- Best practices
- Forecasting resources
- Models
- Future needs
