 - Challenges Beyond the Plan
 - Moving Forward

Transportation Safety Planning in Visualize 2050

Transportation Safety has a critical role in supporting the development of an effective and welcoming transportation system.

This topic is reported on throughout many parts of the plan:

- Current System Performance
 - Annual Regional Transit and Safety Targets
- Societal Topic itself and critical element of other topics
- Understanding the challenges moving forward and Vision Zero
- Fundamental element of the TPB Policy Framework guiding our work moving forward

Key Takeaways for Transportation Safety Planning

- A safe transportation system is a foundational element of a livable region
- Strive to meet TPB's goal of increasing the safety of the transportation system for all motorized and non-motorized users
- Using Visualize 2050 document and communicate to the region's commitment to this planning topic

Final Products

- Plan National Capital Region Transportation Plan (Transportation Plan), Visualize 2050, a point in time snapshot of the region's planning activities to deliver a better transportation system
- Program Transportation Improvement Program (TIP) lists planned financial obligations for the first four years of the Transportation Plan
- Process Ongoing work to improve transportation as shared in the plan & program
- Conformity Ensuring the region's planned activities meet air quality standards, both now and in the future
