**Regional Public Transportation Subcommittee:** On April 22, 2025, the Regional Public Transportation Subcommittee received briefings on Transport for London's (UK) safety and security-focused "Smart Stations" A.I. Pilot, a groundbreaking Autonomous Microtransit Service called RAPID in Arlington, Texas, and WMATA's plans for a cloud-based, next generation Transit Signal Priority system. In addition, there were presentations by TPB staff on the new CommuterCash trip-planning application, and an update on the development of the Visualize 2050 plan.
