- **ACPAC Memo on Goals**

- **CEEPC Considerations and Response**

- Conduct Mid-Course Review to assess progress toward meeting COG 2030 Climate and Energy Goals
- Use findings to help inform any possible considerations of establishing new goals and to assist with CCAP

- **Approach**

- Presenting today staff recommendations for how to conduct the review
- Seek the Committee's input

Approach

- **Goal:** Assess the status of goals, strategies, measures and actions toward the region's existing plan framework and targets.
- **Performance Indicators:** Identify the key metrics and indicators to examine closely to enable a reasonable assessment of progress.
- **Local Government Survey:** Summarize status of the collective priority climate actions in the region.

Details of Staff Proposed Approach

- Follow the 2030 Regional Climate and Energy Action Plan adopted in 2020
- Cross-check and align with Priority Climate Action Plan (PCAP) submitted to EPA in 2024
- Analyze 1-3 Performance Indicators for each Priority Climate Action Area
- Survey local jurisdictions on Priority Collaborative Actions
- Review of local goals and actions to get the region to 2030 goals
- Regional Climate and Energy Progress Dashboard update
- Mid-Course Review Report

ACTIONS TO REVIEW

- **Climate Action Area** = priority areas to identify performance indicators and survey questions
- **Priority Collaborative Actions** could translate to local government survey questions
- **CEEPC Input** – What are the priority areas for the Mid-Course Review?
