Virtual Meeting

### AGENDA

**1. REVIEW AND APPROVAL OF A RESOLUTION TO DESIGNATE CRITICAL URBAN FREIGHT CORRIDORS IN THE VIRGINIA PORTION OF THE NATIONAL CAPITAL REGION PLANNING AREA**

*Janie Nham, TPB Transportation Planner*

MPOs designate Critical Urban Freight Corridors (CUFCs) within its urbanized area as part of the National Highway Freight Network. CUFCs are important complements to the Primary Highway Freight System (PHFS) designated in the FAST Act, to provide Federal funding eligibility for a wide range of activities that support freight infrastructure including planning, engineering, and construction. The Steering Committee is being asked to approve TPB Resolution SR22-2026 to undesignate, or remove, three segments within the Virginia portion of the National Capital Region planning area. These segments are being removed because they no longer are in the urbanized area or because they are no longer consistent with other state-designated freight corridors.

**Action:** Approve Resolution SR22-2026 to remove three corridor segments from the CUFC network within the Virginia portion of the National Capital Region planning area.
