Commuter Bus
Loudoun Transit Commuter Bus
OmniRide - PRTC
MTA Commuter Bus - Maryland
Region-wide
Metrobus - WMATA
Rail
Metrorail
VRE - Virginia Railway Express
MARC

The Transit Ridership data consists of Average Weekday Ridership by Line by month. Ridership data was provided by the jurisdictions and/or the transit agency. COG staff connected the ridership data to COG's 2009 Transit network.

Please note:

- In many cases, there are multiple routes per line. Because the data collected is by Line (e.g. WMATA Washington Blvd Line consisting of Routes 2A, 2B, 2C, 2G), each route within a line has the same data values.
- The ridership counts are non-directional. Therefore, an inbound route has the same ridership data as the outbound route.
