Projects Not Recommended For Funding

- Six applications were not recommended for funding. The rationale for not funding these applications include:
 - Lack of coordination prioritized in the Coordinated Plan.
 - Marginal impacts to the underserved populations of the region compared to other projects.
 - Lack of financial capability to match the federal funds available.
- Denied applicants will receive communication with recommendations for improving their application for the next grant solicitation and will also be offered a debriefing about their application with TPB staff.
