SUMMARY

The Maryland State Highway Administration (SHA) hereby requests the amendment of the FY 2026-2029 TPB TIP to reflect the following actions.

TIP	PROJECT	PHASE	NEW FUNDING
T5838	Congressional Earmark Projects	PE CO	\$1,011,000 \$5,409,251
T13908	MD 210 Bicycle and Pedestrian Connectivity Project - Phase I Improvements	PE RW UT	\$43,720 (\$479,480) (\$479,480)

ANALYSIS

Congressional Earmark Projects (TPB 5838) – This amendment reflects the addition of the Pope's Creek Trail - Trail Design and the MD 190 Fisher Avenue Streetscape as component projects of the TPB# 5838 grouped project. This amendment reflects the addition of \$250,000 in preliminary engineering funds to the FY 2026-2029 TPB TIP for the Pope's Creek Trail - Trail Design component project and the addition of \$761,000 in preliminary engineering funds for the MD 190 Fisher Avenue Streetscape component project, a total of \$1,011,000. This amendment reflects the shift of \$87,000 in existing funds from FY

2025 to FY 2027 to keep all funds within TIP years. The TPB rules prohibit grouped projects having funds outside of the 2026-2029 TIP years. This amendment also reflects the addition of \$5,409,251 in funds for the construction phase of the MD 190 Fisher Avenue Streetscape component project. This amendment accommodates SHA updated programmed project expenditures and project schedules in FY 2026-2029. The project's total cost, as documented in the FY 2026-2029 TPB TIP, is increasing from \$2,100,000 to \$8,520,251.

MD 210 Bicycle and Pedestrian Connectivity Project - Phase I Improvements (TPB 13908) – This amendment reflects the addition of \$3,216,159 and the reduction of \$3,172,439 in preliminary engineering funds to the FY 2026-2029 TPB TIP, a net increase of \$43,720. This amendment reflects the shift of \$479,480 in right-of-way funds and \$479,480 in utility funds from the TIP to beyond the TIP years to reflect the most up-to-date budget, which includes programmed funds beyond TIP years. The redistribution of these funds do not result in a change in the \$1,000,000 in total programmed funding for the right-of-way phase and the \$1,000,000 in total programmed funding for utilities. This amendment accommodates SHA updated programmed project expenditures and project schedules in FY 2026-2029. The project's total cost, as documented in the FY 2026-2029 TPB TIP, is increasing from \$16,657,335 to \$20,575,000, which also includes the increase of \$323,945 in preliminary engineering funds and the increase of \$3,550,000 in construction funds beyond TIP years, and funding programmed in years prior to and beyond the FY 2023-2026 TPB TIP.

The attached Statewide TIP (STIP) report documents MDOT's requested modification with respect to funding for the above project. This requested action will not impact scheduling or funding availability for other projects in the current STIP, which remains fiscally constrained. The modified funding does not affect the portion of federal funding programmed for transit or allocations of state aid to local jurisdictions in lieu of federal aid.

In addition, the Maryland Transportation Trust Fund (TTF) remains fiscally constrained. The TTF supports State transportation system operation and maintenance, MDOT administration, debt service, and capital projects. Semiannually, MDOT updates revenues and expenditures using two national forecasting companies' latest economic estimates. The MDOT published funding details in the FY 2026-2031 Consolidated Transportation Program (<https://www.mdot.maryland.gov/tso/pages/Index.aspx?PageId=27>) and FY 2025-2028 Maryland STIP (<https://mdot.maryland.gov/tso/pages/Index.aspx?PageId=117>).

Please modify the FY 2026-2029 TPB TIP and FY 2025-2028 Maryland STIP to reflect the funding information provided in the attachments. If you have any questions, please contact SHA RIPD, Office of Planning and Preliminary Engineering (OPPE) Regional Planner, Mr. David Rodgers, at 410-545-5670 or drodgers1@mdot.maryland.gov.

T5838 - Congressional Earmark Projects

Since 2022, the U.S. Congress has directed spending known as Community Project Funding (CPF) to earmark funds for specific projects proposed by local governments and non-profit organizations. Four projects are included in this TIP item including: The Frederick-Pennsylvania Rail Trail, in Frederick County; The E-Cargo Bike Lending Program for Montgomery County, The Russell Avenue Multimodal and Streetscape Improvements in the City of Gaithersburg, The Pope's Creek Trail - Trail Design in Charles County, and The MD 190 Fisher Avenue Streetscape. This record may be amended at a later time to include other projects. Earmarked funds are appropriated from the General Fund of the Treasury for Highway Infrastructure Programs and are to be distributed through the state DOTs. As such, SHA is the recipient of and administers these funds on behalf of the local governments.

Description:	Congressional earmarks are non-SHA projects that receive federal funding through Congressional action. Since these earmarks are granted via a transportation spending bill, SHA administers these funds. The match amounts, which vary percentage-wise project by project, are provided by the project sponsors.					
Justification:	Project funding flows included in the FY 2025-2028 TIP are determined based on current schedules for projects utilizing congressional earmark funding and an estimate of planned projects within TPB MPO boundaries.
